**To the Esteemed Global Community,**

**"A CALL FOR UNIVERSAL EXECUTIVE  
HOUSING FOR FREE OF CHARGE".**

- 1.**  
Greetings from the heart of the Independent Global Movement, guided by the unwavering light of the Guardian Star.
- 2. I Mr. Kidima Mubarak, Champion of Common Sense, Author of "THE INDEPENDENT VOICE, and Founder of "THE INDEPENDENT VOICE GLOBAL MOVEMENT", a movement poised to redefine human dignity across our planet. For too long, the fundamental right to shelter, security, and true independence has been denied to more than billions people. We have witnessed systems built on scarcity, inequality, Selfishness, Supremacy, and the deliberate disenfranchisement of the common human spirit. This era of "clever racism" and systemic injustice must end.**
- 3.**  
Today, I proudly launch "THE INDEPENDENT VOICE GLOBAL MOVEMENT" and introduce my foundational work, "THE INDEPENDENT VOICE" pursuant to article 1, 2,17,19,22 and 25 of the Universal Declaration of Human Rights (UDHR).
- 4. The essence of this movement is a simple, yet profound truth that resonates with the core of our shared humanity: Every human being around the globe "MUST" have an executive house, free of**

charge. This is not a mere aspiration; it is a fundamental universal right that is achievable through collective will and the application of genuine common sense. An executive house is more than just shelter; it is the foundation for health, education, family stability, and the pursuit of individual destiny.

5. It is the ultimate tool for true independence, removing the chains of rent, mortgage, and systemic control. We appeal to every individual, every family, every community, and every nation across the globe: Join **"THE INDEPENDENT VOICE GLOBAL MOVEMENT"**. Let us dismantle the outdated structures that perpetuate homelessness and housing insecurity. Let us build a future where a secure, dignified home is a birthright, not a privilege. Your voice, your passion, and your participation are critical to realizing this universal truth. Together, under the Guardian Star of common sense, we will ensure that true independence is within reach of all. We must all enjoy the fruits of our God given mineral resources, Petroleum, oil and Gas.

6. We are calling upon humanity to rise. The time for the Independent Voice is now. With unwavering conviction,

7. May HE the Almighty God the Supreme bless and protect you all in pursuit of stress free and happiness.
